

Thank you!

**Your donation keeps
state parks open!**

Your vehicle license tab bill includes a \$5 donation for Washington State Parks. We hope you will choose to include this donation, because if enough vehicle owners participate, your state parks will remain open.

In the current economic recession, the 2009 Legislature had to make significant budget cuts that meant service reductions and potential park closures. Many people told their legislators how much they value their parks. The Legislature responded by creating the new donation program to keep state parks open.

Your donation pays for the operation of more than 100 parks in beautiful settings all over Washington. Go camping, picnicking, hiking, bicycling or boating – or simply relax in the peace and quiet of nature.

*Your Washington state
parks are there for you –
and because of you.*

Thank you, and enjoy your state parks.
