Draw a picture of yourself.

My name is ________________________________

I am visiting ____________________ State Park.

Washington state parks are important to me. I want to learn more about state parks and how I can help take care of them by completing Junior Ranger activity sheets. (If you are not able to visit a state park at the moment, try completing the activity in your backyard or nearby open space.)

Some activities are harder than others. Use the symbols above to find the right activity sheet for your age group. Challenge yourself by trying some of the harder activities.
