Re: Twin Harbors Park Renovation project

Dear Mr. Meatte:

Thank you for contacting the State Historic Preservation Officer (SHPO) and Department of Archaeology and Historic Preservation (DAHP) regarding the above referenced proposal. This action has been reviewed on behalf of the SHPO under provisions of Governor's Executive Order 05-05. Our review is based upon documentation contained in your communication.

We acknowledge receipt of notification regarding the Twin Harbors Park Renovation project. Based upon your letter, we understand that the project proposes to redesign the park to eliminate campsites in wetland areas that regularly flood on the inland (east) side of State Highway 105 and relocate them to higher ground on the coastal (west) side. We look forward to consultation regarding this project in the future.

Thank you for the opportunity to review and comment. Please ensure that the DAHP Project Number (a.k.a. Project Tracking Code) is shared with any hired cultural resource consultants and is attached to any communications or submitted reports. If you have any questions, please feel free to contact me.

Sincerely,

Holly Borth
